Alder Quay Magnetic Materials

4-Hour Buyout, Expansion Valuation & Memo

From the assignment

A European producer of precision magnetic materials has been offered to a North American industrial-transition investor. The sponsor must assess today's business and a separately financeable EV magnet plant.

Submission window

Four hours from receipt; separate investment-team discussion.

What you submit

Integrated three-statement acquisition model with two valuations and investor returns.
One-to-two-page Word memo in 12-point Times New Roman.
